EDUCATION

French Words of the Week

C'est un jour très venteux
aujourd'hui.
(It is a very windy day to-
day.)

'Every child has the right to an education which develops their ability, personality and talents to the full. It should encourage children to respect human rights and their own and other cultures. It should also help them to learn to live peacefully, protect the environment and respect other people.'

Headteacher's Update

What a delight the children were today while visiting Bournemouth University and taking part in a variety of workshops, such an amazing experience. The children had the opportunity to have a Campus Tour as well as Science and P.E. Workshops. Their hours are adding up in their Children's University passport in the hope of graduating in the Summer Term.

Outdoor Gym

We have been working with a design team from Creative Play to start bringing our outdoor gym ideas to life and are pleased to be able to share this design for the playground. We are sure you will agree the children will love it! We will keep you updated with further details as we have them.

Bournemouth and Poole LSCB— Advice for Parents/Carers on Internet Safety

The internet is such an integral part of children's lives these days. It opens up so many educational and social opportunities, giving them access to, quite literally, a world of information and experiences. Whether on a computer at school, a laptop at home, a games console or mobile phone, children and young people are increasingly accessing the internet whenever they can and wherever they are.

As you would protect your child in the real world, you will want to make sure that they are safe whatever they are doing. Like learning to cross the road, online. E-Safety skills are skills for life. If your child understands the risks and can make sensible and informed choices online, they can get the most from the internet and stay safe whilst doing so – particularly from those people who might seek them out to harm them.

House Points

Please could we ask that any house points that have made their way home with a child be brought back in to school as soon as possible and posted into their House's Bottle, we are becoming extremely short on them again and they are expensive to replace. Plus the House Captains are keen for their house's to win. Thank you.

Are you Concerned about a child?

Any concerns regarding the safety and wellbeing of children and young people are dealt with by the Multi Agency Safeguarding Hub (MASH) who will then instigate the Early Help process.

Bournemouth MASH—01202 458101 or MASH@bournemouth.gov.uk

Poole MASH—01202 735046 or MASH@poole.gov.uk

There is also an Out of Hours service that is for emergencies only. The social worker on call will be available to provide a response where needed. To contact the out of hours service, please call **01202 657279**.

Early Help

Early Help is a way of working with children and young people. It involves listening to you and your child to find out your child's needs and what is working well in your child's life. An action plan, agreed with you and your child, is also put in place to make sure your child gets the right sort of help. Early Help intervention will help your child receive the right support at an early stage before their needs increase which can be much more difficult to help you with. The Early Help Assessment is voluntary.

How will an Early Help Assessment help my family?

- ◆ The Early Help Assessment exists to help you support your child. It can lead to a quick solution or help to identify extra support if needed.
- ◆ The Early Help Assessment will ensure that everyone involved with your child—such as teachers and health visitors—works together to support your child.
- ◆ As the Early Help Assessment is a shared assessment, you and your child will not have to repeat the same story to different workers.
