

## **Children's University Introduction 2018-19**

Children's University offers children in Key Stage 2 and their families the opportunity to access lots of amazing, completely free activities outside of the classroom. These could be on weekends, during the school holidays, or clubs held after school!

We hope that you'll join us in taking part in a number of exciting events throughout the year... Interested? Here is how it works:

1. Your school has selected for you to take part in these exciting activities, which means you'll be receiving your Children's University Passport soon if you haven't already. Your passport is where you can collect stickers and stamps for the activities you do to earn a certificate.
2. In order for your parents to receive information about events coming up, you'll need to ask them to fill-in and return the attached form to your teacher as soon as you can!
3. Whoever filled in your form, and your teachers, will receive information about which events are going on and will ask you if you'd like to be involved. Sometimes you might need to book a ticket, sometimes it might be a club that you already go to, but don't worry, it all counts!
4. You'll come along to your event or club, learn something new, have a fantastic time and maybe even meet some new friends.
5. At the end of the session, a member of the Children's University team will give you a sticker or make a note in your passport, to say well done for coming along and trying something new.

**Finally, at the end of the year, just before the summer holidays you might be invited to...**

### **Graduation!**

Graduation is an exciting event which your family and friends can come along to. You will dress in a graduation gown like a real university student and receive a certificate to say well done for stepping outside your comfort zone, making new friends and learning lots of new things—see you there!

# Programme of Activity 2018-19

**Sports**

**Wildlife and Countryside**

**Media & Arts**

**Science, Technology and Maths**
