EDUCATION

'Every child has the right to an education which develops their ability, personality and talents to the full. It should encourage children to respect human rights and their own and other cultures. It should also help them to learn to live peacefully,

Headteacher's Update

What a shame that Sports Day was cancelled this week due to the weather. Unfortunately we are unable to predict the weather as much as we try and we had hoped June would deliver the sunshine! Hopefully the new date of 27th June for KS2 Sports Day will bring some sun! We are considering Sports Day in September for the next academic year in the hope the weather will accommodate the day.

Creative Arts

This week Holly Base were fortunate enough to have an arts workshop from Arts to educate. The children created sea creatures using everyday plastic rubbish. The children practised their skills of creating a wash background and collage. The session closely linked to their Topic 'Can I use it again?' and during the session the children recalled all the facts that they have learnt about plastics and the impact on our environment.

Life Bus

This week we have all had the pleasure of learning about healthy life styles with Harold the Giraffe. Each class had the opportunity to go into the 'Life Education Classroom' which you might have seen in car park. We all enjoyed learning about how to keep our bodies healthy and help Harold to make the right choices.

Year 5 STEM boat building challenge

On Wednesday, Maple 1 took part in a STEM workshop where they were split into small groups and every member of the group had a job role, including Project Manager and Accountant. Each group were set the challenge to build a boat that would float, sail and look aesthetically pleasing. A budget of £12,000 was set for them, allowing them to choose and budget for the materials they would need. They then worked hard in their teams to purchase their materials and build their boats. At the end of the session they presented their boats to the class and tested them against the aims. They had

great fun and really enjoyed seeing whether their boat sailed. One group managed to get their boat sailing - although it moved backwards rather than forwards!

An fantastic extract from "Zoe's Diary" by Emma-Jane Steer Y6

A devastating day. I am alone, all alone, Today was the day—the last supply ship came to get us. People were crowding round the boat, they were trying to fill it, there was shoving and pushing and shouting. We finally made it to the boat. I helped my dad load my mum (still sick) onto the boat. In my head, I was thinking "Is she going to be ok?" My dad went to get on when all of a sudden, he stopped—there was only room for one person. It was between him or me. Out of the corner of my eye I could see the other supply ship. There was a few seats left so I said to my dad "I will take the other boat and meet you there!". So I ran. I ran as fast as my little legs could go. Squeezing, shoving, pushing I finally made it but I was in for a nasty surprise. I climbed on but got shoved off by someone. Lonely. Depressed. Abandoned.
