

Hi,

I'm Nathan and I've been teaching drums at Bearwood Primary School for 4 and a half years now.

Our drum lessons will and can cover everything from absolute beginner level to more advanced techniques and rudiments. Lessons will be tailored to the ability of the students, and I strive to always strike a good balance between work and play.

As drums are one of the loudest instruments, I recommend students bring ear plugs or headphones to protect their hearing.

I expect a certain level of commitment and focus from students in our lessons, as the drums can be a difficult instrument to get to grips with at first.

Lessons are priced at £4.95 for every 30 minute session - working out at £49.50 a term.

If you would like to get in touch to book lessons or if you have any queries, you can contact me at:
