

Supporting your child's transition to secondary school

This taster course will explore the different methods of discipline we use when parenting teens. We will discuss brain development and changes in behaviour as a result of brain development, and changing attitudes and emotions in teenage children. We will discuss emotional changes and what parents can do to manage children's emotional behaviour. We will also explore and discuss how parents can more effectively manage gaming and screen obsessional behaviour and risky behaviour, and implementing behaviour contracts.
