Frida Kahlo

Born: July 6th 1907

Died: July 13th 1954 (age 47)

Country: Mexico

Art style: Kahlo added many features of Mexican culture to her art work. Many of her paintings involve flowers. Her art style has been described as Magic Realism. A third of her paintings are self-portraits (these are paintings she has drawn of herself).

Look at some of her paintings below. **Can you emulate (copy) one of her paintings with your own self-portrait?** Remember to use bright colours, draw natural things behind yourself, e.g. leaves, animals, flowers and plants.
