

Bearwood School Council

Article 12

You have the right to give your opinion, and for adults to listen and take it seriously.

Friday 29th November 2019; Minutes by Christopher

This is what we talked about:

- **Safeguarding**
- Please don't throw acorns; they could go in someone's eye.
- Please don't put stones in climbing wall as it will make it unsafe for use.

- **Fund raising**
- We have our new laptop and it is set up ready to go! Well done everyone! 😊
- We decided to save the money to buy something bigger in the Spring.
- These things were suggested;
- Sports equipment footballs, pumps, cones
- Mad for animals £120 per class
- Skipits
- Hama beads boards
- Tablets
- New class cameras
- School trips - we talked about the cost of these and that lots of parents aren't paying so they are being cancelled. Mrs Bennett will follow this up.

- **AOB**
- Investigate woodland trust trees - we would like to plant more as have seen it in the news; it was suggested these could go near the playground circle.
- The interhouse Christmas tree decoration competition is being moved - Mrs Wall will let us know when.
- An inter house animal creation competition was suggested e.g. Runnymede made bees.
- **Thank you**

This week we decided on....

- Saving our money for one of the ideas above - we will have a vote to decide what to spend the money on (could be in line with the General Election)

In class council can you discuss...

- Simple ideas for Christmas tree decorations for your trees

Thank you

- **Next week's meeting will be Friday 6th December with Mrs Bennett**
