It was brilliant though and Molly was engaged the whole time. I know she continued to learn this week which is what is important.

The ways the live teaching works really helps me and my son. It must be incredibly difficult for the teachers in these uncertain times and the hard work they have put in and continue to, I think is remarkable. So happy our son is attending this school.

We have this week gone for a daily walk in the afternoon and read as a family in the evenings. We did try the story with mrs. Bennett on Monday but would rather read together and do not want to do Joe wicks workout. So other than this new section of home learning, so far, we are really happy.

26	1/9/21 15:32:53	1/9/21 15:37:34	anonymous		Reasonably confident	Very satisfied	Reasonably satisfied	This week went reason	Home	The school/teachers are doing a fantastic job! I think PE and Story time should be optional as given the children and parents at home time to go out for walk where they have been in all day. Also story time my children are already reading and being read to on a daily basis.
27	1/9/21 15:37:28	1/9/21 15:40:48	anonymous		Reasonably confident	Very satisfied	Very satisfied	This week went reason	Home	It's a very full day and difficult to keep up with the different timetable with 2 children, and be available to help both, but I'm sure we will get used to it! The teachers are doing a great job. One thing I would quite like is more opportunities for learning away from the screen, although I know this may be tricky.

Thank you for organising this for them as the structure is really helpful. The only thing I would ask is there will be odd days where the boys need to accompany us to work (there is manageable as we have internet) or to our small holding (not so easy as no internet and no electricity). The small holding visits are for animal welfare and require us both so I would really appreciate some offline learning or links to activities we can complete and upload once home. Thank you!

It's just ridiculous seems a way of getting out of teaching
41	1/9/21 16:16:53	1/9/21 16:34:00	anonymous		Very confident	Very satisfied	Very satisfied	This week went reason	Home	We think that we will prefer the tweaked timetable proposed for next week due to the mix of live lessons and set work. This will help with the demands of multiple children and adults needing access to online devices at the same time throughout the day. However we think all the teachers at Bearwood are working so hard to provide for the students and we cannot fault their commitment and professionalism. Thank you everyone

The schools communication has been very clear and well set out. They've also provided laptops/tablets to people in need. When talking to family and friends about the experience they're having with their children's schools, I feel that Bearwood primary have been very efficient with setting up zoom learning so quickly and having devices ready to loan out. Our daughter became quite emotional during the first lockdown (I think due to being isolated from school) but this time, she's getting the communication through zoom, the zoom learning is excellent.

74	1/11/21 7:58:23	1/11/21 8:11:09	anonymous		Very confident	Very satisfied	Very satisfied	This week went very w	Home	As previously mentioned, I would like to pass my thanks onto Jacob Hoich's teachers, Mr Longland & Mrs Gover for this week's remote learning. With the short notice they were both given to prepare for this week, I personally feel they have been exceptional in delivering their classes. Having the above in place has allowed me to work from home with ease, something which I was unable to do during the last lockdown.

The work set meant that we had to take time out to teach our children. As working parentswe do not have the time to do this plus we are not getting paid for this. It is EXTREMELY stressful...
