Learning, Enjoying & Succeeding Together

2nd July 2021

Dear Parents/Carers,

We believe that it is vitally important for the children to meet their new class teacher before September and we will be holding a transition morning for the children on the Thursday 8th July. We have reflected on the current COVID-19 guidance and considered the best way that we can enable our children to meet their new teacher. We have made the decision that the children will stay in their current classroom and their new teacher will go to them in their classroom. During the session, their new teacher will talk to the children about their new classroom for September.

Today, we will share with the children who their new class teacher in September will be. This will provide them with time to process this information and ask their current teacher any questions that they may have.

On Thursday 8th July the children will go to their classrooms and will be greeted by their current class teacher. We will have a whole school zoom assembly which will have a focus on moving to their new class. Following assembly, the class teachers will go to meet their new class.

During this morning, our nursery children will stay in their classroom with Miss Doe and our Year 6 children will stay in their classroom with Mrs Lennon.

Sadly, we are saying goodbye at the end of this term to Mrs Harris-Daniel who has been part of the school for many years. She has supported so many of our pupils through working in class, various intervention groups, breakfast club and lunchtimes. She will be sadly missed by everyone, but she has decided that she would like to spend more time with her family at this time. We wish her all the very best for the future.

We have already started our planning for the children's return to school in September and as the Government release their guidance we will review our plans to ensure that we follow all the relevant guidelines. We will advise you of the details as soon as possible.

Yours sincerely,

Mrs Sally Wall
Acting Head Teacher
