

Bearwood School Council

Article 12

You have the right to give your opinion, and for adults to listen and take it seriously.

Friday 5th November 2021

This is what we talked about:

- **Health and Safety**
 - Mushrooms are growing in the garden; Mr Lee to check they are safe. Please do not touch and wash your hands when you come in.
 - The footsteps in KS1 are making children slow down; maybe we should do back to tape? They come up and move easily and are not well in place. The majority of school council thought they should go; we will see what Mrs Bennett thinks.
- **Safeguarding**
 - No concerns.
- **Chalks**
 - These have not been used appropriately - School Council voted that for now no chalks in KS2. They are being used well in lower school.
- **House Points**

We reviewed how these are going and are pleased that the profile is being raised.
- **Shoe Box Appeal**
 - Please can you remind your class about Miss Pike's assembly and the Operation Christmas Child Shoe Box Appeal? DEADLINE 11TH NOVEMBER
- **PE movement menu**
 - Please trial the activity menu for next two weeks and feedback.
- **Playground maps**
 - Please can you think of some games that we can play with these and bring them to School Council.
- **AOB**
 - Year 5 have requested anti-bullying ambassadors come back.
 - Please can the PTA sell ice-creams when the weather is warmer
 - Please can we have an interhouse Christmas competition and a class advent calendar? We know this may have to be sorted nearer the time due to covid.

- Can we look at the covering the windows in the changing rooms in KS2 to increase privacy when changing?
- How can we use the round house more? Please discuss and bring ideas.

- **Thank you**

This week we decided on....

- Discussing the above points to get more pupils' views.

In class council can you discuss...

- See above 😊

Thank you

- **NO MEETING NEXT WEEK - The next meeting will be Friday 19th November in the Orchard at 12.30**
