

Bikeability Training Parent/Carer Consent Form

Dear Parent / Carer,

Your child has the opportunity to take part in Bikeability training provided by BCP Council.

Bikeability is the government's national cycle training programme based on the National Standard for Cycle Training. Cycling is a life skill with many benefits: it encourages independent mobility, is great for the environment, and improves physical and mental health. Bikeability builds the skills and confidence of riders to prepare them for a lifetime of cycling. Evidence shows Bikeability helps more people cycle, more safely, more often.

Bikeability is funded by the Department for Transport and is delivered by trained, professional and DBS-checked Bikeability instructors.

Bikeability Balance is a series of school based sessions that aim to give children the basic balance and coordination skills they will need to learn to ride a bike. It involves fun games carried out on balance bikes (bikes without pedals) to develop handling and awareness.

All participants receive an official Bikeability certificate.
