

School Development Plan 2025 - 2026

Summary for Parents and Carers

We are committed to providing the very best education for your children. This year, our School Development Plan focuses on four key priorities to help every child thrive.

Here's what we're working on:

Priority 1: Strong Leadership and Positive Behaviour

- We're refining routines and expectations so that children know what is expected and can focus on learning.
- Staff are working together to maintain clear and consistent behaviour expectations.
- We're embedding these same expectations during breaktimes and lunchtimes to support positive social interactions.

Priority 2: High-Quality Teaching of Writing

- Writing lessons will follow a clear structure to help children make strong progress.
- Children will be given more opportunities to talk about their ideas, helping to close gaps in language and communication.

Priority 3: Inclusion – Supporting Every Child

- Teachers will use assessment information to adapt lessons and provide targeted support.
- We're refining how we identify and respond to children's needs, so help is timely and effective.
- For children with EHCPs (Education, Health and Care Plans) and those on the SEN register, we're ensuring the curriculum is tailored to help them make strong progress.

Priority 4: Early Years – A Strong Start

- We're aligning the curriculum across Nursery and Reception so that all children benefit from a consistent and high-quality experience.
- Staff are focusing on rich, high-quality interactions to help children make rapid progress in communication and language.

If you'd like to know more about any of these priorities or how they support your child's learning, please don't hesitate to get in touch with us.
