

BE BRIGHT BE SEEN

POSTER COMPETITION

Posters need to be bright & colourful, bold and clear: any writing needs to be big, written clearly so people can read it, and spelt correctly

Design a poster to help promote being bright and being seen when out and about!

Here are some words that might help: safety, visible, road crossing, cycle, scooter, walking, lights, reflective, fluorescent

You could use tinfoil for reflective materials, fluorescent pens if you have them, or shiny sweet papers.

The best poster design will win a scooter and 10 house points!

Entries to be on A4 or A3 paper, with name and class on back. Hand to school office by 7th November.
